Turn Your Manuscript Into a Published Book

Your Author Guide to Publishing Success

Welcome! If you have a completed manuscript or planning a book and a story to share, you're in the right place. We partner with passionate writers to bring high-quality books to readers worldwide.

1. Information for Authors

We welcome submissions across a variety of genres and focus areas. To ensure a successful partnership, please review our initial publishing criteria:

- **Scope & Focus:** Your book **does not need to be strictly about criminal psychology** per se, so long as it can easily be seen as related to the field. We welcome titles that intersect with, draw upon, or explore adjacent themes. For example:
 - *True crime & investigative narratives* exploring criminal mindsets or motives
 - *Behavioral science & profiling guides* aimed at general or academic audiences
 - *Memoirs & professional accounts* from law enforcement, forensic experts, or legal professionals
 - *Fiction & mystery novels* where psychological elements play a central role
- **Original & Unpublished Work:** Your manuscript must be your own original creation and **must not** have been previously published in any format (including self-published or digital releases).
- **Exclusive Rights:** Your manuscript cannot currently be under review with another publisher, nor can it be bound by any signed agreements or contracts elsewhere.
- **Manuscript Readiness:** We ask that your text be complete and ready for the editing phase.

2. Book Formats Offered

We design and produce standard, market-ready formats so your book reaches its audience wherever they are:

- **Paperback:** High-quality, durable paperbacks perfect for retail and everyday readers.
- **Ebook:** Professionally formatted digital files optimized for Amazon Kindle, Apple Books, Kobo, and other major devices.

3. Royalties & Publishing Agreements

We believe in fair, transparent, and author-friendly partnerships.

- **Competitive Royalties:** Authors earn competitive royalty rates calculated on net sales across physical and digital formats.
- **Clear Agreements:** Our contracts define distribution channels, royalty schedules, and rights retention clearly—no hidden fees or surprises.

4. The Publication Process

We guide you at each step to turn your work into a polished, market-ready book:

Phase	What Happens
1. Submission & Review	You submit your manuscript; our editorial team evaluates it for fit.
2. Editing & Design	Professional copyediting, proofreading, custom cover design, and interior formatting.
3. Author Proofing	We review and approve final print proofs and digital files.
4. Distribution	Production begins and your title is listed with major distributors and online retailers.

5. Marketing & Promotion

Getting your book published is just step one—getting it noticed is step two! We help elevate your book's visibility through:

- **Metadata Optimization:** Ensuring your title, keywords, and categories are optimized for online store algorithms.
- **Promotional Materials:** Providing custom digital assets, press release templates, and media kits.
- **Distribution Reach:** Placing your book in global retail catalogues so bookstores and libraries can discover and order it.
